This novel was written to show present day society what it was like living in the middle of the 20th century from the roaring 20s to the present time. (The early part of the 21st century) The story is of an average man who, unknown to himself, had a glorious future destiny. The book is entirely fictional. There was a tremendous amount of research required to enable the author to portray the situations in detail and as realistically as possible. It is hoped it will bring back memories to the older members of our society and information to the younger generation. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
