Widely used by practitioners and all those involved in California taxes, this time-saving guide is accepted as the premier source for quick reference to all taxes levied by the state, including personal and corporate income, inheritance and gift, sales and use, and property taxes. The 2016 Guidebook is the 65th Edition, reflecting significant new legislation, regulations, court decisions, and State Board of Equalization decisions through press time in December, 2014. It is authored by CCH Tax Law Editors with additional editorial commentary provided by highly-regarded tax practitioners, Bruce Daigh and Christopher Whitney of PricewaterhouseCoopers. This Guidebook is completely reviewed and revised every year for most accurate and up-to-date information on California taxes. This practical resource includes a guide to the preparation of California personal income tax returns--for residents, non-residents, and part-year residents. This special return preparation section discusses who must file, filing status, exemptions, deductions, rates, credits, where and when to file, extensions, and estimated taxes, as well as compliance procedures and requirements relevant to return preparation. A special summary of key new legislative, regulatory and judicial developments provides at-a-glance awareness of changes and the impact on taxpayers. The Guidebook also compares state taxes with federal taxes and illustrates the differences. Cross references make it easy to trace comparable California and federal provisions. The CCH Guidebook to California Taxes is designed to accomplish four main objectives: 1. Give an updated and comprehensive picture of the impact and pattern of all taxes levied by the state of California and also the genera.
