Hilliard, Racism, Research, and Educational Reform adds to the knowledge base on educational reform, through individual, personal voices. This book also adds to the literature about multiple K-16 partnerships; collaborations between mainstream universities and Historically Black Colleges and Universities (HBCU); cross-district school system collaborations; the impact of racism on school reform efforts; communication problems in school collaborations; parent and teacher struggles for equal engagement; and issues of parental equity in school communities of diverse ethnic families.
