WHAT THE CHURCH WON T TELL YOU ABOUT: HEALING (REVISED EDITION) (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. Revised. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In this short book I hope to pass on some of the insights which have helped me overcome illness and sickness. I stress I am not perfect in my faith but I am putting forward words and ideas which are not my own but which I believe are God s. This book should be read in conjunction with my other book What The Church Won t Tell You About: THE CROSS, which goes into more detail about my personal struggle with healing. There may be a little repetition but the book shows how the power of the Cross impacts fully upon all areas of your life. I have no particular qualifications for writing this book other than being an imperfect follow of Christ and these thoughts and opinions are purely my own and, I hope, God s. I may have been hard in this book on my own Roman Catholic Church but I feel I have the right to express my views having been a lifelong member. It may not seem so. but this criticism is born of love for the Church which has been the custodian of the Gospel since the Resurrection. However there is much that is gravely wrong with the Church and it does not take criticism well and indeed does not provide the means for the faithful to do so. I also believe that similar errors and wrong thinking exist in other Christian denominations. However the purpose of this book is not to criticise the Roman Catholic Church but to tell you what they, and other churches, won t tell you about Healing.
