Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.From the Introductory. .Whatever changes art may undergo in the future, our debt will be none the less to those who have made it such as we know it now, to those early workers who struggled against difficulties and solved them for us, and whose imperfections formed the groundwork of our fuller knowledge. And chief of these, as the first who introduced a rational and verifiable manner of painting, is Giotto Bondone, the pupil of Cimabue, who not only cast on one side the arbitrary forms of representation handed down from the Byzantine artists, but, as we have said, introduced into his pictures the element of natural life, and carrying his reform into the very heart of his subject, adopted for his characters not only appropriate action and natural positions, but made the whole picture tell a story of human life, instead of making it a composition of more or less graceful lines and variegated colours. This will be treated of in subsequent portions of this essay, it is sufficient to say here that painters were not slow to follow the example thus set, nor the public to appreciate the change. It was so sudden and of such marked importance, the advantages gained were so great, that the new method of painting, completely vanquished the traditional one, even in the artist s own lifetime; and with the whole weight of tradition, and with the Church s dislike to innovation to contend with, it succeeded in permanently establishing itself in public favour. From the time of Giotto s early manhood to the death of Titian, the history of painting is mainly the history of the principles...
