*It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## SHATTERING THE MYTHS - WOMEN IN ACADEME

U.S.A / The John Hopkins University Press, Baltimore, Maryland, U.S.A., 1999. Hardcover. Book Condition: New. This study uses a critical feminist perspective to examine women's progress in the field of higher education since 1970. The author contrasts the activism of the 1970s, the passivity of the 1980s, and the ambivalence and antipathy demonstrated towards feminism in the 1990s. These waves of change, she explains, were brought about by external forces, by generational differences between women, and by intellectual and ideological struggles within the women's movement and the larger academic culture. Her work draws on the experience of women faculty and administrators as they articulate and reflect on the social, economic, political and ideological contexts in which they work and the multiple influences on their professional and personal lives. This is a 1st edition hardback, with its dustjacket, in new condition. (238 pages & 15 pages of introduction).
