GRIN Verlag Okt 2015, 2015. Taschenbuch. Book Condition: Neu. 211x149x14 mm. Neuware - Master's Thesis from the year 2011 in the subject Politics - Methods, Research, grade: A+, , course: International Cooperation Policy, language: English, abstract: Undoubtedly, the mangroves and associated wildlife show signs of degradation in every region of the world. The historical data proves that in 10 regions there is a continuous mangrove lost since 1980 to 2005. The research destination, the Philippines has lost its mangrove cover severely. The government involvements, necessary law enforcement, political will proper leadership, community involvement, alternative livelihoods, education campaign, and involvement of all local and national organization and willingness of local communities are needed to change this trend of degradation of mangroves around the world. There is an example in the City of Puerto Princesa in Palawan, Philippines that combined all the ingredients to a continuously performing sustainable environmental development project. This mangrove plantation project is known as 'Love Affair with Nature'. This project is being held annually since 2003 and 58.5 hectares has been rehabilitated in Puerto Princesa. This project is very attractive with its mass wedding ceremony and celebrations. Averagely, about 150 couples get marry with the support of the local mayor under one condition of planting a mangrove tree together. The performances rely upon the integrated environmental projects conducted in the Puerto Princesa city. The planting mangrove project on every Valentine's Day is not a standalone program. There are varieties of other community based mangrove and tree planting projects conducted regularly. Every citizen of the Puerto Princesa is a part of the pride of being environmentally sound citizens. In this study, the author has proven that Puerto Princesa City in Palawan has gained its forest cover and mangrove forest during the past two decades. The qualitative findings among interviewing...
